Prescription Drug Benefits

There may be generic and brand-name drugs, as well as Medicare-covered drugs, in each of the tiers. To identify commonly prescribed drugs in each tier, see the Prescription Drug Guide/Formulary. To view the most complete and current Drug Guide information online, visit www.humana.com/SearchResources, locate Prescription Drug section, select www.humana.com/MedicareDrugList link; under Printable drug lists, click Printable Drug lists, select future plan year, select Group Medicare under Plan Type and search for GRP1.

Important Message About What You Pay for Vaccines – Our plan covers most Part D vaccines at no cost to you (even if you haven't paid your deductible, if applicable). Call Customer Care for more information.

Important Message About What You Pay for Insulin – You won't pay more than **\$35** for a one-month supply of each insulin product covered by our plan, no matter what cost-sharing tier it's on (even if you haven't paid your deductible, if applicable).

ADDITIONAL DRUG COVERAGE

Home Infusion Therapy Drugs

If you take certain types of infusion drugs covered under our Medicare Advantage Prescription Drug plans (MA/PD), you may qualify for this service, which helps you and your doctor manage your care without ongoing hospitalization. In some situations home infusion drugs will be covered based on the tier of the drug at the same cost share amount as listed in the chart above when you have reached a total yearly drug cost of **\$5,030**. This service includes coverage for the "Coverage Gap" portion of your plan. Drugs included in this coverage are those that would be used as an alternative to inpatient treatment. Your cost for the medication may be the same as it is before the coverage gap sets in. Your out-of-pocket expenses while using this service apply to your "true out-of-pocket" maximum, which is **\$8,000** for 2024.

Coverage Gap

Most Medicare drug plans have a coverage gap (also called the "donut hole"). The coverage gap begins after the total yearly drug cost (including what our plan has paid and what you have paid) reaches **\$5,030**. After you enter the coverage gap, you pay a portion of the plan's cost for covered brand name drugs and covered generic drugs until your costs total **\$8,000**, which is the end of the coverage gap. Not everyone will enter the coverage gap.

Catastrophic Coverage

After your yearly out-of-pocket drug costs (including drugs purchased through your retail pharmacy and through mail order) reach **\$8,000**, you have a **\$0** copayment.
